**SAINIK LAMINATES**™

BOLD & BEAUTIFUL

by  CENTURYPLY®

INFINITE DESIGNS  
ENDLESS  
POSSIBILITIES

## INTRODUCTION

Every house has its own style. Style that reflects one's personality. The infinite range of Bold & Beautiful **Sainik Laminates** offers you enormous choices to match your preference, transforming each corner, décor and furniture of the house into your home.

A wide array of designer shades, patterns, textures, sheen and finishes from Sainik Laminates are a definite mix of functionality, design optimisation and aesthetics.

Sainik Laminates, from the house of CenturyPly, strives to establish its presence across India. It aspires to create strong logistical support that will leave a long-lasting impact for you to create new memories every day.

Introducing the first-ever range of the Sainik Laminates collection.

## ENDLESS BENEFITS

The Bold & Beautiful Sainik Laminates from the house of CenturyPly put soul into each corner, décor and furniture and make the space come alive with loving memories.

Along with richer designs, deeper textures and a vast palette of shades for your interiors, our stylish and long-lasting laminates come with multiple benefits that promise to keep the memories alive.

### SAINIK LAMINATES TRIPLE SHIELD™ TECHNOLOGY

Anti-Fungal • Anti-Bacterial • Anti-Microbial

The Sainik Laminates Triple Shield Technology reduces the level of microbial, fungal and bacterial growth on the laminate surface by more than 99.9%. It ensures a safe and germ-free environment throughout the day.

### 7 YEARS' WARRANTY

Against Any Manufacturing Defect\*

Ensures a 7-year-long quality assurance from manufacturing defects\*.

## ADVANTAGES\* OF SAINIK LAMINATES™

### Dimensional Stability

Uniform Thickness

### Abrasion Resistant

Deep Layer Technology Ensuring Higher Longevity

### Uniform Sanding

Superior Bonding for Better Surface Adhesion

### Impact Resistant

Protection from Sudden Impact

### Surface Tissue Technology

Ensures Colour Fastness

### Boiling Water Resistant

Safe for Kitchen & Bathroom Applications

### Stain Resistant

Easy to Clean

### Crack Resistant

Easy to Handle, Cut & Apply

### Scratch Resistant

Protection from Regular Wear & Tear

### Dry Heat Resistant

Protection from Hot Surfaces & Utensils

\*Specification as per IS: 2046-1995 standards

## LOW EMITTING MATERIALS

Greenguard Gold Certification

GreenPro Certification

# ZERO SERIES

The aura of our designs will make your spaces look warm and sophisticated. This vibrant laminate collection is enriched with nature's touch, marvellous finesse and an elegant feel of the real wood veneer. It has minimum reflective sheen on the surface, making the laminates worth gazing at. The amalgamation of class, charisma, quality and grace makes the Zero Series a distinctive section of Sainik Laminates.

# LAMINATES CARE & MAINTENANCE

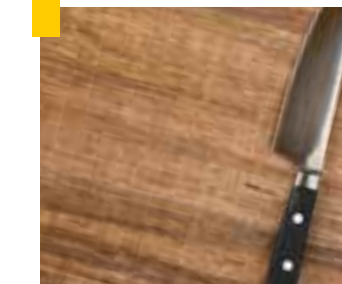

When you put your trust in us, it is our responsibility to give you assurance of years of quality performance. All you need to do is use simple and easy techniques to take care of the laminates and they will stay with you for a long time.

Looking after the laminates is as simple as a quick wipe with a damp cloth or sponge, though a regular wipe with a soft, dry cloth will ensure that dust does not settle. Sainik Laminates resist muddy fingerprints, coffee spills and so much more, but if inadvertently, there are any such unforeseen occurrences, you should know what is best suited for the situation.

Please follow the simple care and maintenance directions below, to keep our Sainik Laminates looking good for years.

Do not place frying pans or dishes directly from the oven or cooktop on the laminate surface. Protect the surface from heat-generating appliances.

Do not use knives, keys or other sharp objects directly on the decorative surface. A chopping board or counter saver is recommended.

To clean the surface, use a damp cloth or sponge and mild soap or detergent.

Difficult stains such as coffee or tea spills can be removed using a mild household cleaner or detergent and a soft-bristled brush. Repeat if necessary.

Acidic or abrasive cleaners can damage laminate surfaces; please do not use them.

Toilet cleaners contain harsh chemicals that can cause permanent damage. If spills occur, please wipe immediately, wash the surface with soapy water and rinse several times.

If a stain persists, use baking soda and water paste and apply it gently with a soft-bristled brush. Although baking soda is low abrasive, excessive scrubbing or exerting too much force could damage the decorative surface.

Steel wool and other abrasive pads can damage the laminate surface. Do not use them for cleaning; do not place steel wool pads on your countertop as the metal can rust and leave stains.

Hair, textile and food dyes can cause permanent stains. If stained inadvertently, please wipe it immediately with a dishwashing detergent or an all-purpose cleaner.
